

Cover Letter

I have 4+ years of experience in software development. have completed Master's degree in Computer Science, and hands-on experience using Python/Django, JavaScript, Angular, Node.js, PHP languages to create and implement web applications, I am confident I will be an asset to your organisation.

I enjoy being challenged and working on projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Happy to work on Linux/Unix/Windows
- Experience in Python/Django
- Coding Experience of more than 4 Years
- Knowledge of using GIT
- Experience in MySQL, MongoDB, PostgreSQL, JavaScript, Angular, Ajax, jQuery, CSS
- Web Services Technologies and APIs.
- Knowledge in XML, JSON data types.
- Open Source Contribution

I've attached a copy of my resume that details my projects and experience in software development. I can be reached anytime via my cell phone, +919567802281 or via email at mohammedrishad.vk@gmail.com

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.
